### 43 BALLOTS TO SPARE

LOCAL OPTION FIGHT IN ANCIENT CITY HOTTEST IN CAPITAL'S HISTORY.

### RESULT A SURPRISE

WHITE RIBBONERS WERE CONFI-DENT OF WINNING BY BIG MAJORITY.

Santa Fa, N. M., June 8 .- Santa Fe went "wet" in the local option election BLACK HAND SUSPECTS yesterday by a narrow margin. Complete returns received from the several wards today show a majority of 43 votes in favor of continuing the saloons. Two of the four wards gave a small majority for the "drys."

This tells in brief the story of one the Capital city. For several weeks past, or ever since the city council ordered an election to be held to decide the liquor question, the campaign for and against the saloons has been waged and this campaign continued ntil the day of election.

temperance advocates were Katherine Putterson, members of the National W. C. T. U., who have been in the territory a year past, and who during the last legislature made a hard fight to secure the enactment of an absolute prohibition or stringent territorial local option law. They election yesterday marks their second defeat in the war against the traffic

Open Air Meetings.
Almost nightly during the past two
weeks open air meetings were held in the Plaza at which stirring addreses were delivered by these leading temperance advocates, by Mayor Jose D. Sena, Jugge John R. McFie, of the district court, Attorney B. M. Read, R. L. Baca and other prominent citizens. A. M. Dettelbach, manager of the local opera house, was engaged to give nightly exhibitions in the Plaza with his motion picture machine throwing on a large screen pictures of the famous drama "Ten Nights in a Barroom." Because of the strong support given the movement for prohibition by leading citizens of Santa Fe. the White Ribboners were confident of victory, and the result was a great disappointment to them. Have Not Lost Hope.

"We have not lost hope, by the re sult of yesterday's election, stated a prominent member of the local temperance union to a correspondent this afternoon, but we will at once lay plans for another campaign of longer duration and greater effort. While I do not care to openly make the charge that any underhand means were resorted to by the liquor dealers to defeat "nis election. I do know that they were active in behalf of their interests, although any work done by them to win, was done on the quiet." LINOTYPE TROUBLE
